MEMORANDUM FOR: Chief, Logistics Branch

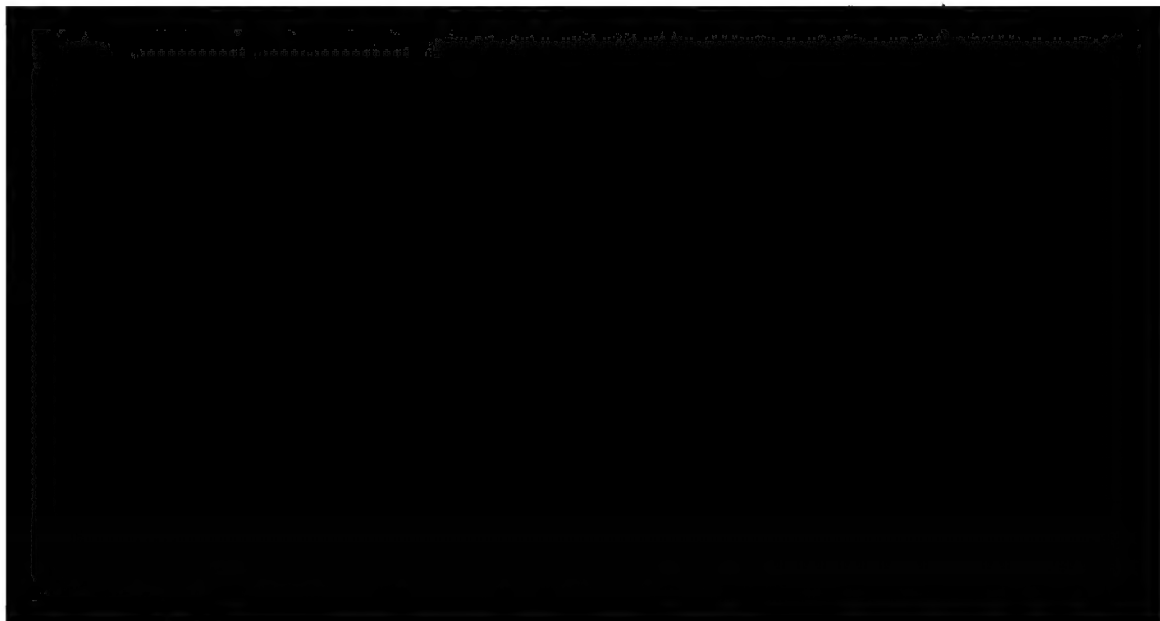

25X1B

ATTENTION :

SUBJECT : Request for Proposals on a Chip Printer

1. It is recommended that proposals be solicited from the following contractors for design and fabrication of a Chip Printer.

25X1A

2. The performance requirements attached are felt to be sufficiently detailed to preclude a Bidder's Conference on this equipment. Additionally, a Bidder's Conference, from the time aspect, will possibly result in a delay that will prevent procurement in this Fiscal Year. Questions that may arise as a result of the performance requirements will be answered by the technical contact immediately upon receipt by telephone or letter.

3. Thirty days for preparation of the proposal is felt to be ample time for the contractors to reply. It is recommended that any significant price variations resulting from alternative solutions be priced

Declass Review by NIMA/DOD

GROUP 1  
Excluded from automatic  
downgrading and  
declassification
